DEL SOL

Del Sol has grown to be recognized as the world leader for color-changing products!

GROWTH AND EXPANSION

- Established in 1994, Del Sol has grown to become the **world leader for products that change color in the sun.**
- Del Sol is the **exclusive producer of proprietary Spectrachrome® Crystal dyes.**
- Del Sol has grown from a small cart in a Utah mall to **over 100 stores worldwide.**
- Located in the world's most exotic tourist destinations **in over 20 countries.**
- **A must-see attraction** in major cruise ship ports-of-call, carts and kiosks, ski resorts, airports and within many of the world's most prestigious retail establishments.

SPECTRACHROME® TECHNOLOGY

- Del Sol's proprietary color-change formula was created from a concept **originally explored by NASA**.
- After years of research and development, Del Sol made revolutionary enhancements to the color-change technology, engineering its **proprietary Spectrachrome® Crystal dyes**.
- **Del Sol Spectrachrome® Crystal dyes add magic to all we do** – making each Del Sol experience unforgettable!

PRODUCTS

- **Del Sol products bring smiles to young and old alike** – that's why it's such a bright spot in every part of the world where it is sold.
- **Everything changes color** when exposed to the sun's ultraviolet rays, including shirts, nail polish, sunglasses, jewelry and much more.
- The sunny nature of our products, stores and service brightens people's lives every day throughout the world, furthering our mission **to create fun, joy, smiles and memories for everyone under the sun!**

HAT STYLES

If the hat can't be seen . . . I'm on the green. If the hat is missin' . . . I've gone fishin'. Hats come in all shapes and sizes and are used for almost anything under the sun! But, no hat is quite as unique as our classic-style hats with color-change embroidery and appliqué.

There are so many clichés about hats these days, but there's nothing copied or imitated, and . . . what the heck, "old hat" about Del Sol's completely original hat designs. It's the only hat that features color-changing thread on the planet!

DEL SOL

Background & History

Just add sun!®

About Del Sol

Established in 1994, Del Sol combined science and sunshine to create the world's first T-shirt that changes color in sunlight. Since then, Del Sol has grown to become the world's largest retailer of merchandise that changes color in the sun, and the Caribbean's largest clothing retailer. The company began selling its color-changing products out of a small cart in a Utah mall. After expanding its product line to over 20,000 SKUs; including hats, toys, nail polish, jewelry, and sunglasses, Del Sol opened its first, full store in St. Thomas, USVI in 1997. Del Sol quickly became one of the most highly promoted merchants on board Royal Caribbean, Carnival, Princess, Disney, Celebrity and Norwegian Cruise Lines. Today, thanks to Del Sol's worldwide fans, the company is soaking up the sun and sharing the fun in over 100 Del Sol stores in 21 countries. For more information about Del Sol's culture, products and stores, please visit www.delsol.com.

Technology and History

Del Sol's special formula for color-change technology was developed from a concept originally explored by NASA. After years of research, Del Sol has made revolutionary enhancements to the color-changing technology by engineering its proprietary Spectrachrome® Crystal Dye, which is identified as the most vibrant color-change technology on the planet.

SPEC·TRA·CHRÖME

The life source of Del Sol. Living crystals that magically twist and unfold into color when irradiated by the sun's rays.

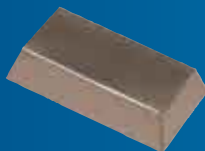

Spectrachrome® Quick Facts

- The creation of a single color of Spectrachrome® dye can require as many as 27 separate chemical syntheses.
- In come cases, 3 lbs. of 23 different raw materials are required to produce a single gram of Spectrachrome® dye.
- Every Spectrachrome® dye has undergone more than 11,800 compatibility tests before it is used in any product.
- Each Spectrachrome® molecule is designed to shift into a different range of visible spectrum when activated by UV light, hence the rainbow of colors.

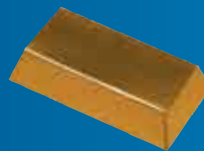

Worth More Than Gold!

Del Sol's spectrachrome, in its raw crystalline form, is worth more ounce for ounce than gold ... or even platinum!

Products

More than anything else, our products have made us what we are today – they are the ingredients that add life to Del Sol's world of color and sunshine. We offer a smorgasbord of sun-painted products for people of all ages. It's like having two hair clips in one or a shirt with twice the color and twice the appeal of any ordinary shirt. You can't find our popular products anywhere else because they're all originals. We make everything we sell, and we stand behind it with a money-back, 100% WOW Guarantee, which promises that our products will make you say, "Wow", and the color-change vibrancy will last for the life of the product.

Having Fun in the Sun Year after Year, Sunrise after Sunset . . .

When Del Sol first splashed onto the retail scene in 1994, only a handful of people were at its helm. Now, more than 850 employees navigate Del Sol in over 100 locations throughout 21 countries, becoming the largest color-change retailer in the world and the number-one promoted merchant onboard Royal Caribbean, Carnival, Princess, Disney, Celebrity and Norwegian Cruise Lines.

Awards and Recognition

Del Sol Won Ernst & Young: Entrepreneur of the Year Award for Retail. Thousands of entrepreneurial businesses throughout the Western United States are anxious to be involved in the Entrepreneur of the Year Awards. Del Sol was one of 100 nominated for the award, and then 1 of 25 finalists to attend the ceremony, and finally 1 of 5 to walk away as winner for the Western Region of the United States.

The ESPY gift bag was a promising opportunity for Del Sol to reach clientele who are aggressively sought after for their influence on consumer spending – the Stars! The ESPYS combined the biggest names in sports with the biggest names in Hollywood.

Utah Business Magazine recognized Del Sol as one of the largest private companies in Utah. The Utah Business Top 100 awards are given annually to the largest private companies in the state. Del Sol ranked No. 41 on the list of largest private companies, included in such company as Sinclair Oil, Mrs. Fields Cookie Company, Larry H. Miller Group, Intermountain Healthcare, and O.C. Tanner.

Community Involvement

Spreading Sunshine and Good Cheer in More Ways than One . . .

As quoted in Salt Lake Magazine: "Full of sunny optimism about business and life, [the people] of Del Sol do more than just cater to cruise ship passengers and fun-in-the-sun beachgoers. Staying true to their motto, 'Creating fun, joy, smiles and memories for everyone under the sun,' the company donated several tons of its products to relief efforts for [cancer research, local elementary schools, Humanitarian Efforts and impoverished communities in Mexico]. And that's something we can all smile about." Each year, throughout the world, whether it's in our stores directly or through our humanitarian efforts, Del Sol brightens millions of people's lives through its products and Del Sol experience. Del Sol's mission, to create fun, joy, smiles and memories for everyone under the sun, isn't trite. It's noble and necessary. We stand for all that is good. For sunshine. For fun in the sun. For memory-filled vacations. For laughter. For joy. We do it for young and old alike. For the smiles that it brings. We know who we are, and we're proud to bring a little sunshine to so many people every day.

Tsunami Relief Effort: Del Sol was able to participate in one of the largest humanitarian aid efforts in the state of Utah, donating nearly \$800,000 worth of product to the Tsunami Relief Effort in South Asia.

Hurricane Katrina: Del Sol along with the LDS humanitarian Services and Godfrey Trucking arranged three massive donation shipments to the Hurricane Katrina victims, totally over \$640,000. A large portion of that donation, six pallets of shirts, hats, sweatshirts, sandals, etc., also went to help struggling villages, families and orphans in Africa who live without the basic necessities of life every day.

Costa Rica Donation: Jeff Pedersen served an LDS mission to Costa Rica and then went back to Costa Rica through Del Sol, wanting to give back to a country and a people who were in need. Jeff, along with two Del Sol employees who also served missions with him in Costa Rica, organized the donation with the entire company and then went to Costa Rica to deliver it personally. In an initiative together with the Church of Jesus Christ of Latter Day Saints and in coordination with the office of the First Lady of Costa Rica, Del Sol donated 8,000 shirts, 400 tote bags, and 200 hats to approximately 8,000 needy and low-income individuals from 20 elementary schools, orphanages and rehabilitation units throughout Costa Rica. It is estimated that the donation quantity is equal to an investment of close to 27 million Costa Rican colones (\$63,529 USD).

Iraqi Schools: Through the help of an internal Del Sol employee and her husband, who was serving in the military in Iraq, Del Sol was able to coordinate a meaningful donation of product and school supplies to dozens of Iraqi schools throughout the war-torn country. "The greatest thing about owning a business is having the opportunity to bless thousands of people."

African Well: The 310' X 10" well, to which the Del Sol family so generously contributed, was drilled in the Chyulu Valley of Kenya. Thanks to the generosity of the Del Sol team and the 'Miracle Well' of Chyulu, Kenya, large plots of fast-growing vegetables are being planted that will avert disaster and starvation for these grateful people.
